

Model Search: We are looking for experienced models to enhance our website, showing what we are capable of accomplishing. If you are interested in a TFP (Trade for Photo) opportunity and would like to discuss the possibility, send us your photo and the type of photo shoot you would be interested in and we will provide you with more details. If we do work together on a TFP basis, we would provide you with several high resolution edited images suited to your needs for our first sitting. If you have any special requests, we would try to honor those first. For subsequent sittings, we would provide you with several of the better images but at a lower resolution. We tend to be generous with our TFP clients but it also depends on what other obligations we have going on at the time. Even so, high resolution images would be available for purchase. We retain all rights to the photos. Having said all of that, please do not assume we are free. While we value diversity, photography is an expensive craft and we have costs to cover. If we are to stay in business, this is something we must do in order to assure it continues.

Contact us through our "Contact" link at the bottom of our site or email us at sales@secretselfphotography.com if you are interested in the possibility.

You should be 21 years old for a model shoot. Nudity or even partial nudity of a minor will not be considered.
